This page will focus on various different car manufacturers. On top of the page you can see manufacturer names. Those are buttons. You can click on the name of the manufacturer you are interested in, and you should immedeately see all the information regarding a specific manufacturer.

Welcome to my static page about car manufacturers šiek tiek keičias pavadinimas, before action ten išnaudotas yra, tiesiog keletą kartų reikia perkraut puslapį. Tačiau nesu įsitikinęs, ar išnaudojant before action teksto rodymui, kai yra trys skirtingi variantai teksto, puslapis išlieka statiniu.

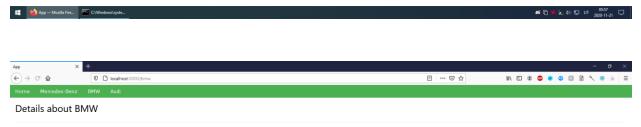

## Details about Mercedes-Benz

Mercedes-Benz is both a German automotive marque and, from late 2019 onwards, a subsidiary (Mercedes-Benz AG) of Daimler AG. Mercedes-Benz is known for producing luxury vehicles and commercial vehicles. The headquarters is in Stuttgart, Baden-Württemberg. The name first appeared in 1926 under Daimler-Benz. In 2018, Mercedes-Benz was the largest seller of premium vehicles in the world, having sold 2.31 million passenger cars.

The company's origins come from Dalmier-Motoren-Gesellschaft's 1901 Mercedes and Karl Benz's 1886 Benz Patent-Motorwagen, which is widely regarded as the first internal combustion engine in a self-propelled automobile. The fuel was not gasoline, but rather a much more volatile petroleum spirit called ligroin. This was so quick to burn or explode, so it was not stored inside. The slogan for the brand is "the best or nothing".

Bayerische Motoren Werke AG, commonly referred to as BMW, is a German multinational company which produces luxury vehicles and motorcycles. The company was founded in 1916 as a manufacturer of aircraft engines, which it produced from 1917 until 1918 and again from 1933 to 1945.

Automobiles are marketed under the brands BMW, Mini and Rolls-Royce, and motorcycles are marketed under the brand BMW Motorrad. In 2015, BMW was the world's twelfth-largest producer of motor vehicles, with 2,279,503 vehicles produced. The company has significant motorsport history, especially in touring cars, Formula 1, sports cars and the Isle of Man TT.

BMW is headquartered in Munich and produces motor vehicles in Germany, Brazil, China, India, South Africa, the United Kingdom, the United States and Mexico. The Quandt family are long-term shareholders of the company (with the remaining shares owned by public float), following brothers Herbert Quandt and Harald Quandt's investments in 1959 which saved the company from bankruptcy.
